LEADERSHIP COACHING ROI

“Bottom line, (it’s) a more constructive, productive and happy place where people feel ownership.”

— Rene Hanson, Global Team Director
Burton Snowboards

Lea Belair, PCC & Liz Dallas, Executive Director Coaching Center of VT, Inc.

There is enough, using what you have wisely.

This is what you see now:

- burnout
- high turnover
- low morale
- inefficiencies
- poor communication

This is what’s missing:

- retention
- leadership
- accountability
- innovation

This is what you’ll see happening:

- collaboration
- ownership
- shift in leadership styles
- raising emotional intelligence
- empowerment
- personal development
- competency gaps addressed
- growing leaders from within
- maximizing resources
- safe, supportive environments
- intention in action

This is your ROI:

- increased business opportunities
- bigger profits
- sustainability
- leveraged resources
- happy employees
- strong talent base
- more passion & energy
- accountability
- flexibility in change
- momentum from within
- accelerated teams
- visionary coach leaders
- increased innovation
- decreased costs
- excellent customer service
- more effective managers
- more effective communication
- visions that inspire the best
- your business is vital
